FOR IMMEDIATE RELEASE

Youth Action Committee Target High-Risk Teen Behaviors

October 20th, 2011, Juneau, Alaska--The Youth Action Committee (YAC), of the Juneau Community Foundation, is issuing grants to Juneau charities with the goal of addressing the needs of teens engaged in high-risk behaviors. Grant focus topics include, but are not limited to: unsafe sexual activities, drug and alcohol use, poor diet and exercise, and unhealthy relationships.

Organizations may apply for grants up to \$5,000. The YAC members will review all proposals and make site visits to the top applicants. Applications must be received by November 15, 2011. Applications are available online at www.juneaucf.org. For more information, please call (907) 463-3223.

With the help of the Juneau Community Foundation and local organizations, YAC members strive to improve the lives of their peers. They encourage organizations in the community to respond to the YAC goals and submit grant proposals.
