

ANY GIVEN CHILD EXCURSION

CONNECTING
EVERY JUNEAU STUDENT
TO THE ARTS!

We're going on an ANY GIVEN CHILD JUNEAU
ART BUS EXCURSION!

Made possible through a community wide effort, **Art Bus Excursions** are field trips to local arts experiences. **Any Given Child Juneau** currently provides annual Art Bus excursions for all 2nd, 5th, and 8th graders, with more in development! **Art Bus Excursions** are just one of the ways that **Any Given Child Juneau** works to ensure that ALL Juneau students have access to the arts and local culture!

WHAT'S ANY GIVEN CHILD?

Driven by the core belief that every student deserves a quality arts education, **Any Given Child Juneau** is a collaboration of local arts and cultural organizations, businesses, government, community members, and educators - backed by the support of **The John F. Kennedy Center for the Performing Arts in Washington, D.C.** - working together to make it happen. Our goals are: to sustain and expand school district programs for learning in and through the arts and culture for all K-12 students, to support teachers and teaching artists in providing learning through arts and culture, and to engage our arts-rich community in advocating for the value of arts and cultural learning for Juneau's students.

2nd Grade
ART BUS EXCURSION!
November 16th - 17th

STORYTELLING

AT THE WALTER SOBOLEFF BUILDING

Each and every Juneau second grader will visit Sealaska Heritage Institute's Walter Soboleff Building, a center for the sharing and study of Tlingit, Haida and Tsimshian cultures. During this visit, students will explore the Gallery to learn about the regalia and other cultural items displayed, and assemble in Shuká Hít – the traditional clan house – to hear cultural stories. Teachers have prepared classes for their excursion with the "In the Clan House" Art Kit.
