Juneau, Alaska—The Juneau Community Foundation announces that the Douglas-Dornan Foundation Fund is seeking 2016 grant applications. The Douglas-Dornan Foundation awards financial grants one time each year to non-profit organizations and their employees that benefit and enhance the health, education and welfare of individuals in Southeast Alaska.

- Non-profit charitable organizations, social service agencies, childcare institutions, foster parent programs and early childhood education programs in Southeast Alaska.

Grant awards may be used to defray costs for tuition, transportation or lodging expenses related to attendance at professional conferences, training or educational programs.
- Events or special services that enhance the overall quality of life, such as through amateur sports organizations or children's music and theatre activities, and encourage participation through sponsorship of programs and events open to all individuals.
